Information for the interviews

- the interview will last 25 minutes with the format already described in http://www.fisica.unina.it/en_GB/ammissione-dottorato. The slides of the presentation (**max 3** in .pdf format) should be sent to vincenzo.canale@unina.it at least 60 minutes before the start of the session;
- the interview can be done remotely at the following link within the **ZOOM** application

<https://cern.zoom.us/j/8959788690?pwd=WjMwWjJyQVE3TmptT1ZuaXc3MmpuQT09>

- the second part of the interview will be similar to an academic examination done in remote mode. The candidates should be able to eventually write and show their answers to the examination board; therefore, they should be equipped with appropriate devices (e.g. tablets, camera focusing on paper or blackboard...) like for standard examinations during the pandemic period;
- to avoid technical problems (no connection, low quality for audio/video...) the candidates of each session should connect the previous day at 8:20 am CEST to perform a suitable test of the connection (*exception for candidates of Sept. 11th for which the test will be done on Sept. 8th at 8:20 am CEST*). If the test will not be done, any kind of problem in the connection during the interview will be attributable to the candidate.
- for any other communication please contact vincenzo.canale@unina.it

Napoli, August 31st 2023

The Examination Board chairman
Prof. Vincenzo Canale
